

EDUCATION THROUGH ACTION

EDUCATION REPORT

Dear Comrades & Friends

I feel that as the year comes to a close, it is appropriate for the evaluation of what has been achieved, to be conveyed by the principals and educators of the schools in which we work.

We express our sincere appreciation to all those principals and teachers who have so warmly welcomed our trainers into their schools and classrooms, and who have been willing to engage with alternative methods which will promote teaching and learning.

FEEDBACK SUGGESTION

We would welcome any FEEDBACK or suggestions.

- ✚ The activities are of great help to all learners. Edupeg can be used to keep fast learners so busy after finishing their exercise and can also motivate pupils, especially slow learners, though syllabus objectives should be considered. (Miss Sibanda – Gxhabara Primary School)
- ✚ Edupeg is a useful, educational instrument to teach basic mathematics as it is easy for the children to understand. (Miss Samiezon – Ghxabara Primary School)
- ✚ The lesson was well presented and pupils showed interest. More questions and answers were given to pupils. (MK Mosoya – Letsholathebe Primary School)
- ✚ The kids enjoyed the lesson and would really appreciate your next visit. Thanks. Mr M Kegakgametse – Letsholathebe Primary School)
- ✚ The Edupeg books are good materials for practicing word equations. (Nthata – Botswelelo Primary School)

PRINCIPAL FEEDBACK

- ✿ Edupeg is playing a vital role in our learners' education, as well as giving support to the educators, due to the lack of LTSM resources in our schools. Edupeg's kit is very helpful and the facilitators develop our educators well. (Ngqolowa Primary - S.N. Dyabuza)
- ✿ The programme is gradually capacitating the educators in a plethora of ways. Firstly, the teachers can plan, using Edupeg resources. Secondly, it has also allayed our fears concerning assessment. We would like to continue with Edupeg until we are fully capacitated. Thanks. (Dididikana Primary - N.M. Mkiva)

TEACHER FEEDBACK

- ✿ Edupeg helps us by developing our children's minds, especially by giving us the books filled with information. The learners follow the instructions very easily. (Mrs N. Gqokoma – Nxamkwana Primary School)
- ✿ It is very interesting in all Learning Areas. The Edupeg books and pegboards play a very big role for my learners, because they help those who are very slow in addition and counting as a whole. (Mrs D.T Xotyeni – Zamkukukhanye Primary School)
